*"Cattle From Cattle Country That Are The Cattleman's Kind"*

**Production Sale**

**WED., NOV. 12, 1975**

**SALE: 12 NOON**

**Winner Livestock Auction**

**WINNER, SOUTH DAKOTA**

## DEAR FRIENDS:

Our pledge to you as cattlemen is to keep a step ahead of the ever increasing demand in the beef industry, to produce a superior product efficiently. A product which in turn will provide greater profit for our customers.

This sale offering is backed by over one hundred years of experience in Shorthorn and Polled Shorthorn breeding. During these years such genetic traits as structural soundness, longevity, fertility, calving ease, milking ability, natural fleshing have always played an important part in the selection and breeding program. More recently a rate of gain and carcass evaluation program has been added. We feel the above traits are highly heritable and must be carefully evaluated in any successful breeding program.

We have satisfied customers from previous sales in every midwest state, south to Texas—East to Illinois and several Canadian Provinces. We feel this is the best sale offering to date and we cordially invite you to attend this great sale.

Dave J. Brockmueller  
Edwin Theide

# STANDARD GUARANTEE

Recommended by American Shorthorn Association

## A

Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

## B

All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

## C

With the exception of heifers, sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

## D

When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial, for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

## E

In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.

## F

All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

## G

Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.

## H

All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
